Section A

Is this student suitable for ELSA?

ELSA stands for Emotional Literacy Support Assistance. ELSA workers provide individual or group sessions working on five areas of emotional difficulties: specified social skills; friendships and relationships; anger management; loss and change; and self-organisation. ELSA is not an ongoing provision and must be limited to training the student/s in a particular skill that will enable them to achieve agreed targets in their learning.

Students suitable for ELSA will have a specific emotional problem or difficulty, which the tutor and/or PL cannot resolve through normal pastoral strategies. For example, the student may have repeated fallings out with friends and need support with understanding how to resolve or avoid conflict. Or, the student may have had repeated episodes of unmanageable anger and need support with anger management strategies. Or, the student may have been bereaved and needs support with managing their emotions about their loss.

Section B

Please list all of the strategies, methods, techniques or actions you have taken to address the student’s difficulties. This should include reference to the school Behaviour Management Policy. You can continue on a separate sheet, if necessary.

Section C

Any SEN provision must have a purpose that is summed up as a target. This section allows you and the student to explain what you think an appropriate target will be. You can make suggestions for SMART targets, or you can leave this section blank and allow the SENCO/ELSA to decide on the targets with the agreement of the student.

Section D

SENCO decision

The SENCO is responsible for deciding which students at school have any Wave 3 (individual) intervention. The SENCO will decide whether a student’s learning needs can be met by the provision of ELSA. If the referral is not accepted, the reason will be noted on the request form and returned to the PL. Further requests for referral for the same student, with additional evidence, will be considered afresh.

What will happen if the request is accepted for the referral to ELSA?

If a child is referred to ELSA, their case will be discussed at a planning meeting, overseen by a senior LSA. Allocations of students to ELSAs are made at these meetings. ELSAs will typically plan a six week programme of sessions to address the student’s needs. They will deliver the sessions at agreed (timetabled) times and then report on the student’s progress towards their target/s through the regular SEN reviewing process. It may be that the student requires no more support, or they may qualify for additional programmes addressing different targets. Progress will be shared with tutors/Heads of Year/Pastoral Leaders and parents.
