

Tim's book about
playground accidents.

OOPS!

Sometimes when I am playing and having fun,
things go a bit wrong!

I might fall over or cut my finger or knee.

Or I might bump my head, *Ouch!*

This happens to everybody at sometime.

It might make me cry, because I will feel
shocked!

Even very brave people cry a bit!

I am lucky, because at our school we have lots of people that are trained in first aid. They are called first aiders and they know the best thing

to do. 😊

My teacher, all the L.S.As and all the dinner ladies, know how to do the right thing to look after me.

They will care for me, and be kind to me.

I will try to be brave if I fall over and hurt myself. I will try to listen to the first aider.

It is very important to keep sore skin clean.

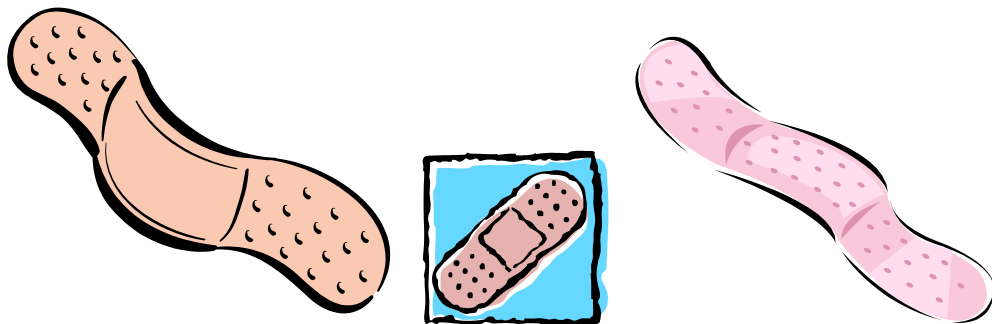

I expect that I will need to wash away any dirt,

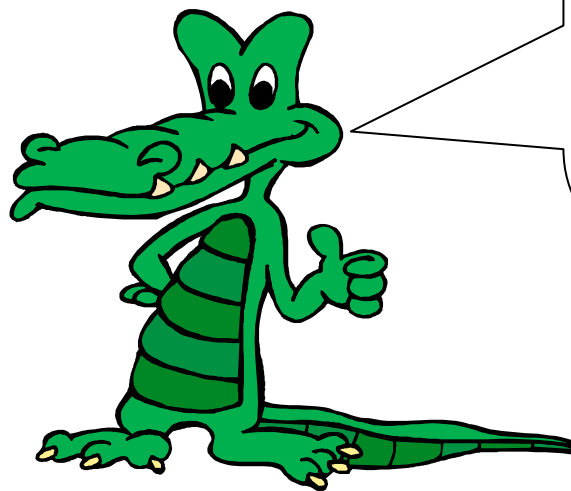

and blood,

and then have

a plaster on the sore skin.

The skin will then heal, and I will soon be smiling, playing, and having fun again!

Hey Tim,
I'm ok
too!

Well done Tim  you're a star!
